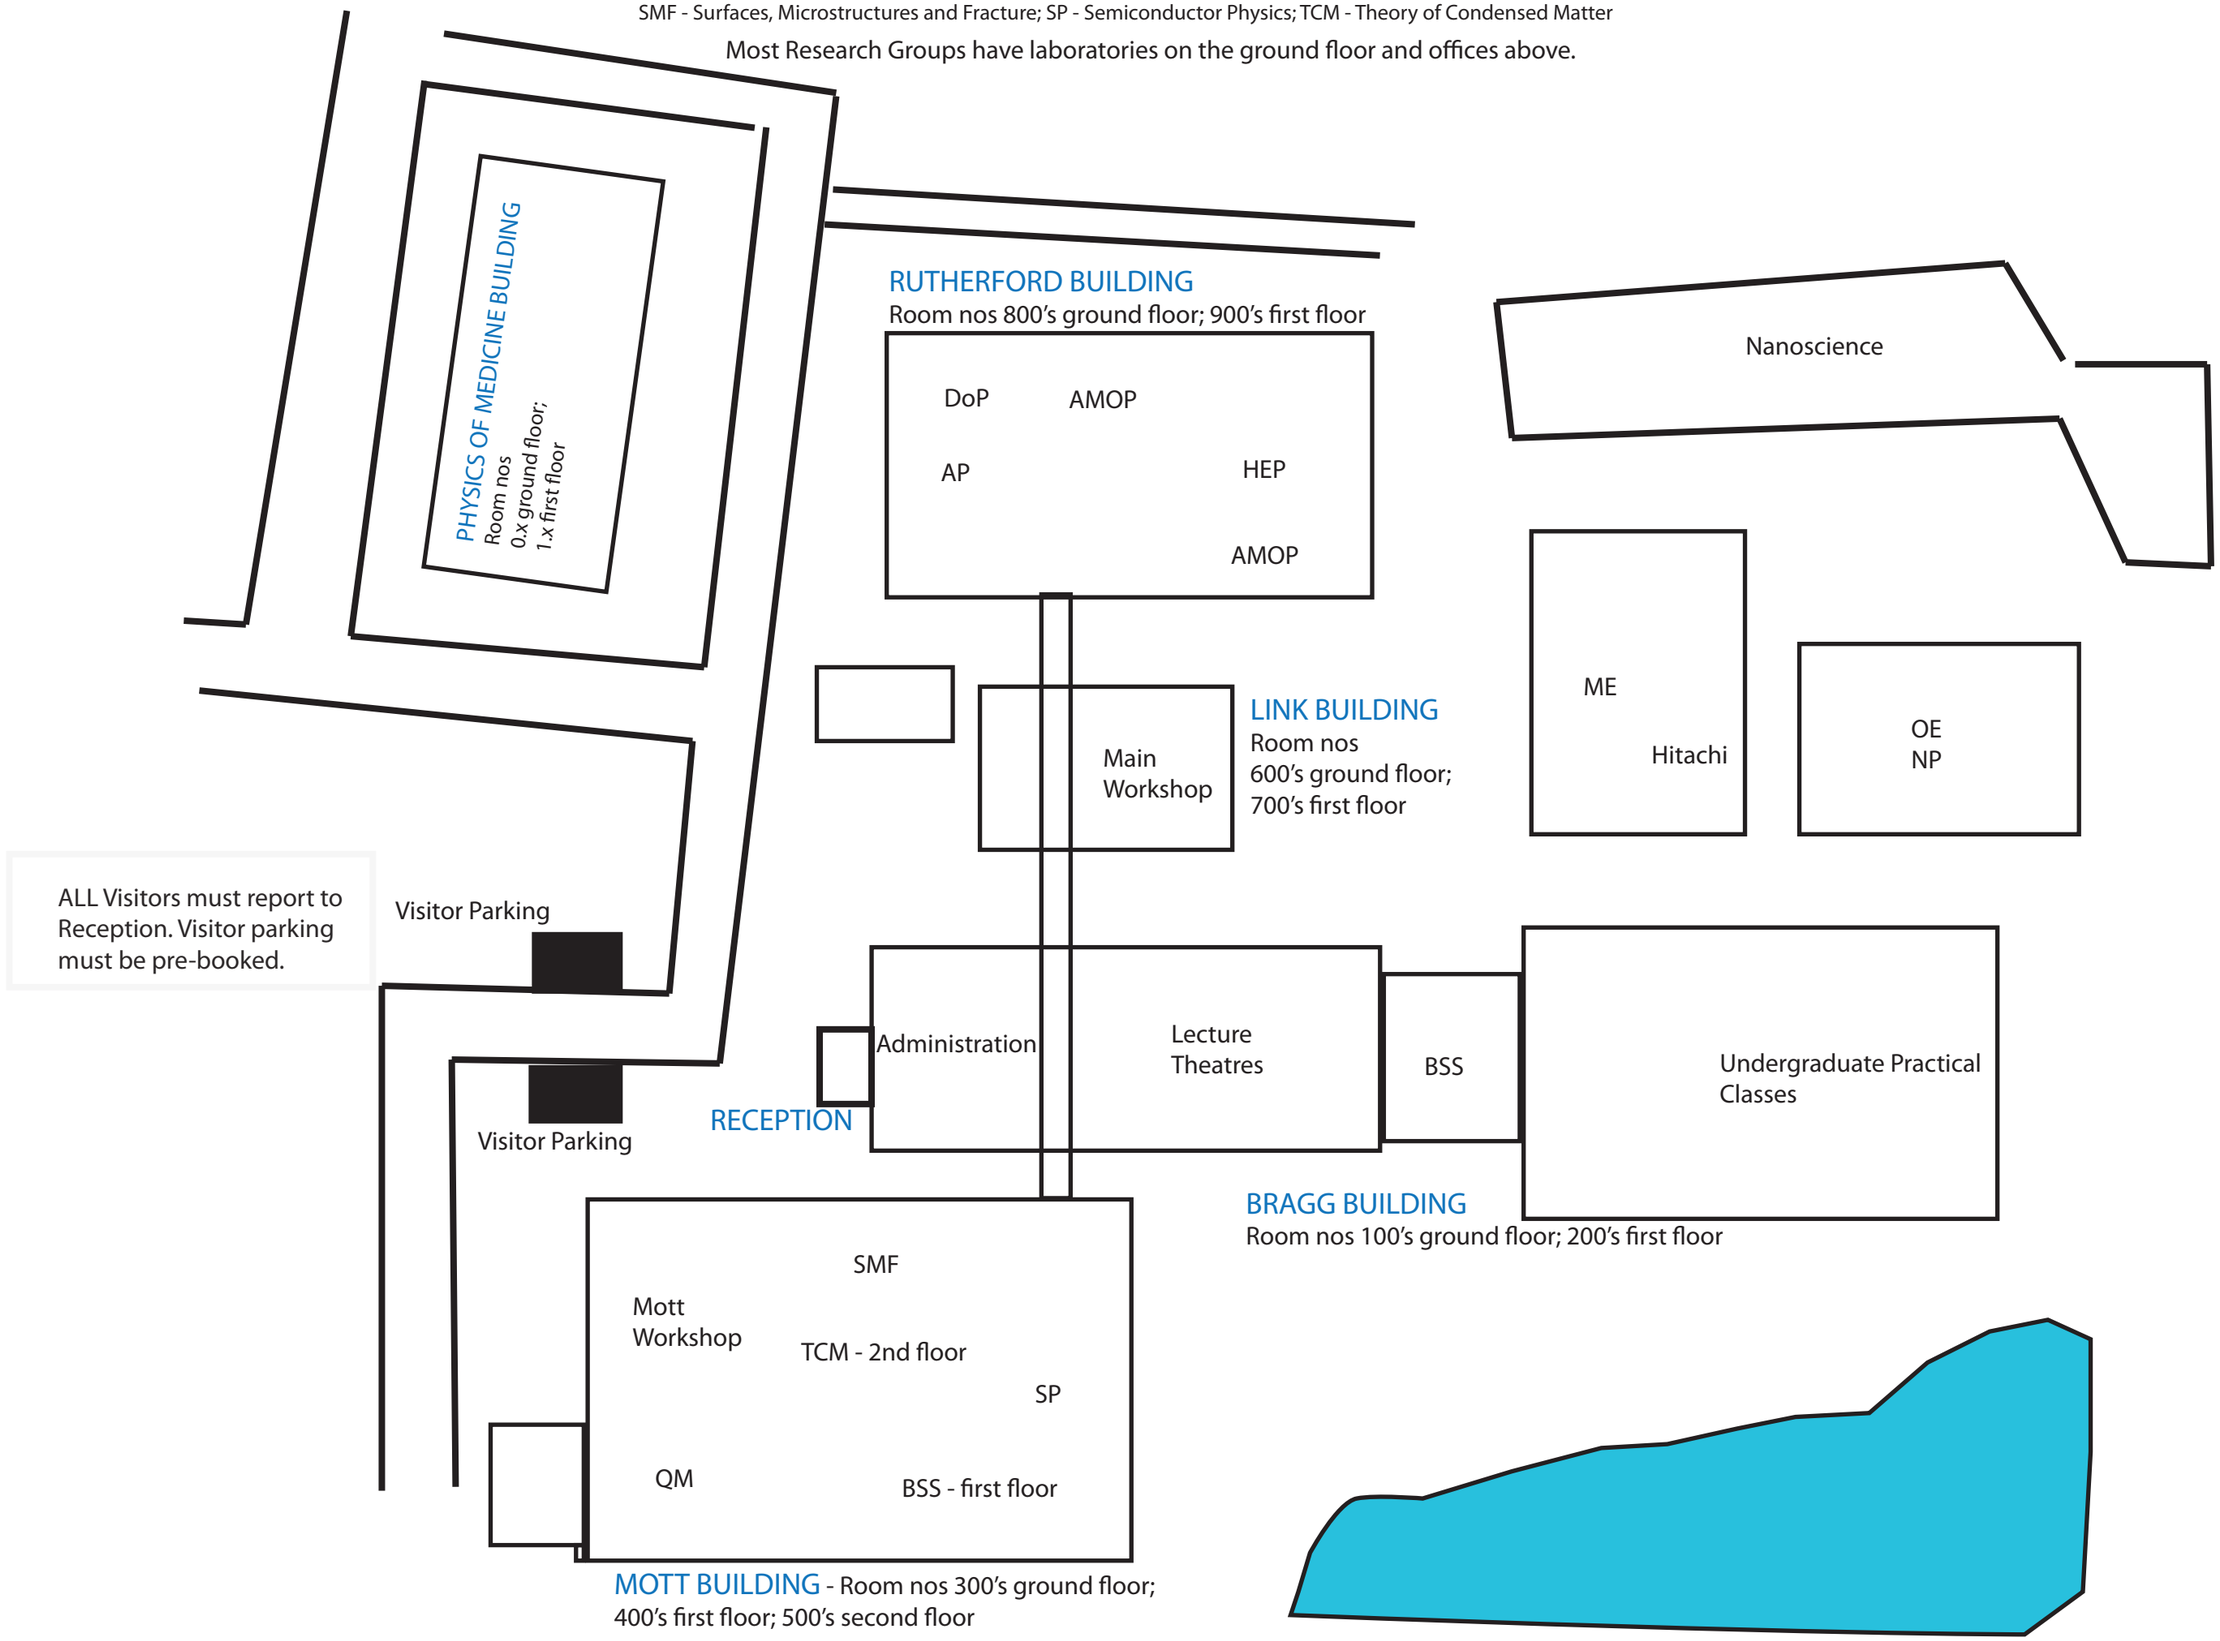
Cavendish Laboratory - Map showing location of Research Groups

AP - Astrophysics; AMOP - Atomic, Mesoscopic and Optical Physics; BSS - Biological and Soft Systems; DoP - Detector Physics; HEP - High Energy Physics;
ME - Microelectronics; NP - Nanophotonics; OE- Optoelectronics; QM - Quantum Matter;
SMF - Surfaces, Microstructures and Fracture; SP - Semiconductor Physics; TCM - Theory of Condensed Matter


Most Research Groups have laboratories on the ground floor and offices above.
