Welcome to the sixth edition of the project Newsletter.
You will have seen an increased Bouygues presence on and about the campus now as the project picks up pace and we start to increase our activity.

Mobilisation

Works on the permanent hoarding for Phase 1 are completed. Phase 2 along the Veterinary School access road will commence in January 2019. This will see the completion of the site hoarding securing the site boundary.

The installation of the site internal access road, site welfare and the site office cabins will now take place during February 2019. Temporary cabins have been placed on the site for the early works packages.

Infrastructure:

The Infrastructure works are continuing with the road widening, building a retaining wall and some drainage works in front of the Veterinary school. This means there is limited access between November and January 2019 between Madingley Road and Charles Babbage Road. Diversions have been put in place with appropriate signage.
The widening of the roundabout, the temporary pedestrian footpath for Vet School staff access from Madingley Road and the Temporary car park for the Vet School on the corner with Charles Babbage Road have been completed.

**Main Site: Piling**
Earthworks have begun on site with the aim of creating a working platform for the piling works. The Piling contractor has mobilised 2 piling rigs and works have commenced on the Basement Secant Wall construction.

The Pictures below show construction of the guide walls and setting up for the first pile

The elected piling method is Continuous Flight Auger (CFA). This process has been specifically chosen as it is one of the quietest forms of piling, making it ideal for sensitive areas.

**Ground Source Heating Pumps**
We have started drilling the 112 boreholes which will be driven 180m deep into the ground to recover ground source heat and cooling for the new buildings; the boreholes are been created using 2 piling rigs as shown below.
Site Program and Occupation:

Enabling Works & Surveys – Early 2018 to End 2018
Shared Facilities Hub Construction – Mid 2019 to Early 2021
Cavendish III Construction – Late 2018 to Early 2022
Infrastructure – Late 2018 to Early 2022

Corporate Social Responsibility:

Charity:
We have also undertaken some other charitable work supporting the following national events:

- MacMillan Coffee Morning – 28 September – we raised £202.12
- Wear Pink for Cancer – 12 October – we raised £56.00
- Poppy Appeal – 11 November – we raised 60.87

For Christmas we will be supporting the Cambridge Salvation Army appeal where we will be collecting Gifts for Children and Young People, this will be delivered to the salvation army on the 10th December in time to be wrapped and given out in the community.

Wood:
We have now started the removal of some trees in accordance with our agreed Planning Approval. We have saved some of this newly cut wood which is available for collection from the BYUK site offices – located next to the University Sport Centre. If you would like to come to collect this please contact me on the email address below.

Hoarding, Community Engagement:
We have begun liaison with Cambridge University, The University Gym, West Cambridge Day Nursery and we will link in with local schools and community groups to design artwork for the of site hoarding.

Coffee mornings:
Please join us in the West Café at 10am on 13 December for the Mince Pie and catch up on what we have been up to.

We will circulate the 2019 coffee morning dates in the December newsletter.
We continue to work with our neighbours throughout the construction of the project and will provide details of potential employment opportunities and some of our proposals for engagement with the local community in future communications.

In the meantime, if you have any questions, please email: admin.cavendishIII@bouygues-siuk.com
Your safety is our concern

Bouygues UK takes every precaution to keep you safe throughout the construction process.

At all times, our site will be secure and surrounded by fencing but building sites can be hazardous places:

- We dig deep holes
- We erect scaffolding
- We use large, noisy machinery

Please do not enter the construction site, unless it is part of a pre-arranged visit by our project team.

- Our operatives and staff are trained to work safely
- Please help us to keep you and children safe, and take extra care during the school holidays.

Considerate Constructors Scheme

As with all our projects, this site will be registered with the scheme, and regular visits from the Considerate Constructors monitor will help us to ensure that we continue to improve our performance in showing full respect for:

- Appearance
- Safety
- Community
- Workforce
- Environment

Please let us know if you have any concerns.

Our contact details are below:

If you would like further information regarding the Scheme you can visit their website at www.ccsheme.org.uk

Standard site working hours are:

Monday to Friday: 8am-6pm
Saturday (if needed): 8am-1pm

There should be no noisy works before 8am.

Want to speak to us?

We understand you will want to know what is happening in your area. Our team is available to answer any queries or concerns you may have and are only too pleased to hear from you. If you have any community projects that you think Bouygues UK could get involved with, please contact the site team below.
